# Chalet les Glycines

Price : 849 000€

Chalet Les Glycines is an elegant Alpine chalet combining a central village setting with excellent access to skiing and highly flexible accommodation. Suitable as either a main residence or a second home, the property enjoys a peaceful position in the heart of Saint-Jean-d'Aulps, within easy walking distance of the local boulangerie, cafés, restaurants, and everyday amenities.

The Roc d'Enfer ski area is just minutes away, while Morzine and Ardent, gateways to the Portes du Soleil ski domain, can be reached in approximately 10mins by car.

Fully detached and enjoying a predominantly south to south-west facing aspect, the chalet benefits from all day sunshine. Flat, enclosed gardens extend on both sides of the property, while a generous terrace and upper balcony provide ideal outdoor spaces with open views across the surrounding mountains.

Renovated around 2000, the chalet has been configured into two independent units, allowing for flexible uses and offering immediate rental potential. This layout is ideal for owners wishing to combine personal use with rental income, or for those seeking a fully income-generating property.

#### Garden level

Two cellars housing the boiler and hot water systems  
Large ski room and bike storage  
Separate entrance providing independent access to the ground-floor apartment
